Tempest, Cyclone, and Thunder...
Only these three special powers can save the Earth.

SYNOPSIS

One night, 3 youngsters Kenny, Jane and Ben are contacted by Oska, the leader of planet Orion which has been conquered by the evil Kaneba. Oska manages to send Robot King to Earth to help them defend Earth from Kaneba and his agent Dorado. Although Dorado is beaten at first, he attacks again with the powerful laser-equipped Kadaro

Kenny, Jane and Ben manage to escape and thank to the defection of Wella who is forced into taking part in the attack by Kaneba. With Wella's help, Doctor Hui, the space center director, locates Dorado's headquarters. Robot King is dispatched, with the Earth army under the command of Captain Ko, to attack the base and prevent the firing of the Final Missile.

Robot King finally comes up against Kaneba himself and a furious battle ensues between the two mega-giants. In a last-ditch attempt to save the world, Wella sacrifices herself by jumping into the magma-drive fuel, taking the evil Dorado with her. Only by containing their special powers of Tempest, Cyclone and Thunder, do the 3 heroes prevent the obliteration of the planet.

Earth is in danger of destruction.
The Final Missile must not be launched.
